

RESURRECTION LIFE MINISTRIES

He is a God of a New Beginning

'I would not do this if they had little ones', said a lady walking towards me through a flock of Canadian Geese. How true! These geese fiercely defend their nest from predators like foxes and raccoons. The birthing of new life has a cost. In an unseasonable snow fall geese have been found dead under three foot of snow still loyally sitting on their eggs. Jesus said, 'greater love has no man than this than to lay down his life for his friend'. We are born to die so others can live. Ask any mother! Christianity has its birth in death. Jesus, rescued us from sin; believe it, confess it, and live it out! Now 'look out not only for your own interests but also for the interests of others'.

That's new beginnings! David Rodway
